

It is with great honor that we congratulate Pan American Broadcasting as they celebrate their 75th anniversary, serving ministries worldwide by helping them expand their mission's Outreach internationally and domestically. Carmen Jung, Vice President of Pan American Broadcasting states, *"We realize that we are but a small fraction of a large team serving to support ministries and helping them broadcast their spiritual messages of God's Word globally. Our prayer and hope is to change lives forever with God's amazing love. During our 75 years of service, we have been blessed to work with amazing ministries along with radio, television, and satellite Outreach services whom we consider "team members" and "friends", all with a mission to broadcast the Gospel worldwide serving a greater awareness of the blessings of Jesus Christ! We thank each and every person whom we have had the blessing to partner with and help along the way."*
